

Project name

Valentines Park

Status

Proposed

Catchment

Roding

Tributary

Cran Brook

OS grid reference

TQ439877

Length (m) of enhancement(s)

Unknown

Type of enhancement(s)

Deculverting Cran Brook through the park and re-naturalisation of the river.

Reasons for enhancement(s)

The Cran Brook flows through Valentines Park and has been straightened and encased in concrete. This linear section of the brook comprises an artificial channel with stepped terraced banks.

Key themes of enhancement(s)
