This 30 minute film documents the progress at the two EU-LIFE Demonstration Project sites, featured in the Manual of River Restoration Techniques, the River Cole (Oxfordshire/Wiltshire) and River Skerne (Co. Durham).

DVD version now available at the same price, £8.00

The film gives you the opportunity to 'visit' the two restored rivers and to hear why and how the work was done.

**Films are available from RRC**  
**PRICE £8.00**
