## WEIR REMOVAL PROJECT

Oakenshaw Weir Bypass Channel >> allows fish migration upstream to more suitable habitat. Use of woodland provides shade, reducing river water temperature and diffuse pollution. Plus, this has increased community awareness and engagement

## RRC ADVISORY PROJECTS

Have a look at our library of 1-page sheets on our recent advisory projects on the Advice page on the RRC website >> [Watch this space for upcoming projects](#)

We would like to thank [Cranfield UNIVERSITY](#) and our core funders for their continued support
