

OUTPUTS FROM THE RRC CONFERENCE

Last month over 250 delegates attended the 16th RRC Annual Network Conference at Whittlebury Hall. We have received excellent feedback and would like to thank everyone that attended and presented at the conference. Over the two days there was a fantastic range of presentations, workshops and site visits for delegates to engage with. The outputs from these are now all available on our website, these include the delegate handbook, presentations, posters and photos >> If you want any more information on this year's conference please contact us here >>

The conference also hosted the UK River Prize & Nigel Holmes Trophy, won by the River Tweed (See below).

Find more Information about the Tweed and the other finalists here >> Thank you to everyone who contributed towards the Trophy.

CATCHMENT PARTNERSHIP ACTION FUND (CPAF)

DEFRA have now allocated £4.7 million to Catchment Partnerships >> which will deliver WFD outcomes over the next year. Organisations in 106 Catchments have been allocated funding for projects with aims that include the implementation of diffuse pollution

measures, awareness raising campaigns and HMWB mitigation measures. The Environment Agency and RRC have been, and will be, working closely with the partnerships to ensure successful outcomes. The projects are due for completion in March 2016, when there will be significant ecological and community based improvements to report on.

BEST PRACTICE TRAINING COURSE

On the 9th of June we held our second technical training course of the year in Manchester in the impressive National Cycling Centre. The day started with coffee... Read more >>

UPPER ARUN PROJECT OPPORTUNITY

Contractors are invited to express an interest in tendering for river restoration and habitat creation works on the Upper Arun near Slinfold in West Sussex. The Tender

documents will be released in July, to receive them email rachel.carless@rspb.org.uk. The works are scheduled for late summer/autumn 2015, for more information about the project please see the Arun & Rother Connections (ARC) newsletter >>
