

2017 RRC CONFERENCE - 60+ ABSTRACTS RECEIVED

Thank you to everyone who submitted an abstract for next year's conference in Brighton.

You should have received an email to confirm our receipt of your abstract. Please check this.

We will now begin to create the conference programme and will contact you regarding the success of your abstract before bookings go live in early November. Find out more >>

IUCN REPORT ON RIVER RESTORATION AND BIODIVERSITY

A new report, published by [IUCN](#) and [CREW](#) was launched this week. Overseen by [SNH](#) with input from RRC, the report describes the importance of rivers in the UK & Ireland for biodiversity, summarises the damage that river habitats have sustained, and discusses ways in which restoration can bring benefits both to wildlife & human society. Read the report >>

RRC TRAINING COURSE SURVEY

The RRC team is busy developing the programme of technical training courses that we will deliver in the next 12 months. Thanks to all those who have already completed it our survey. There's still a little bit of time to complete it >>
