

# the River Restoration Centre

*Working to restore and enhance our rivers*

## Bulletin

Welcome to our new and improved Bulletin. Thank you for your continued support.

**July 2013, Issue 30**

### **The RRC's new web map**

While we finalise our new UK web map, the RESTORE River Wiki now has over 400 EU case studies [More >>](#)

### **New freshwater research**

'Global patterns of freshwater species diversity, threat and endemism' paper [More >>](#)

### **RRC questionnaire on weir removal guidance**

Thank you to everyone who replied. RRC are working with an MSc student at Cranfield University to assess your responses. RRC produced an article for this in *Managing Water* [More >>](#)

### **Region in focus: North West England**

An overview of data from the RRC's national river restoration inventory [More >>](#)

### **5th European River Restoration Conference**

Book for the 5th ERRC in Vienna in September. The European Riverprize finalists have now been announced [More >>](#)

## **NEW CATCHMENT PARTNERSHIP FUND**

Guidance on the fund, who may be eligible, and how to apply is online. The deadline for expressions of interest is 29th July 2013 [More >>](#)

### **THE ENVIRONMENT AGENCY LAUNCH NEW EELS MANUAL**

How to comply with Eel Regulations and guidance on the design and implementation of passes [More >>](#)

### **REEDBEDS CAN HELP TO DELIVER MULTIPLE BENEFITS**

Research by Thames21 reveals the multifunctional role of reedbeds in the lower Lee catchment [More >>](#)

The RRC would like to thank our core funders and for their continued support
