

the River Restoration Centre

Working to restore and enhance our rivers

Themes that delegates want to see in 2019

Theme	Number of delegates
Innovative best practice restoration techniques	16
Practical NFM examples	15
Biodiversity & rewilding (beavers, otters, species)	14
Catchment Partnerships/community/citizen science	14
Catchment Management/catchment wide land use	12
Failed projects/what goes wrong/lessons learnt	10
Natural Capital, Ecosystem Services	10
Wetlands and floodplains	9
Brexit (post WFD)	5
Monitoring resources/modelling	5
Urban River Restoration	5
Funding	4
Peatlands, mines, mine water discharge	4
Climate change/Extremes – low/high flows	3
Fish and water quality	3
Overcoming challenges	3
Channel design	2
Engaging with contractors/engineers	2
Estuaries	2
International examples	2
Macrofauna/inverts	2
Plastics, litter	2
WFD goals	2
BACI	1
Bankside vegetation	1
Data sharing	1
Engaging with private sector	1
Groundwater-surface water interactions	1
Invasives	1
Nutrient enrichment	1
Problem solving	1
Scientific	1
