## **RIVER CHAMPIONS**

*“Recognising those who volunteer their time to improve rivers”*

---

**Press release**

**20<sup>th</sup> June 2022**

The success of projects aiming to improve rivers for wildlife and people is largely influenced by the involvement of volunteers. The River Restoration Centre understands the importance of this contribution and wishes to acknowledge those that may otherwise not get recognition.

‘River Champions’ seeks to celebrate the outstanding efforts of individuals contributing to river restoration in their area. It aims to recognise those dedicating time outside of their day-to-day roles to contribute towards improving rivers for wildlife and people.

Each ‘River Champion’ has been nominated by someone who works closely with them and has seen the impact that they have had over a number of years. A judging panel then selected the ‘River Champions’ based on their impact and the amount of time they have contributed to improving rivers.

### **The selected River Champions are:**

**Alan Winstone**, North Wales

**Andrew Shaw**, Loweswater, Lake District

**Arved Schwendel**, York

**Becky Malby**, Ilkley, West Yorkshire

**Bruce Durham**, Harborough District, Leicestershire

**John Wollaston**, Northumberland

**Mike Farrell**, Cumbria

**Uy Hoang**, Oxford

Find out more about the River Champions [here](#).

The 'River Champions' will be recognised at the 2022 UK River Prize Awards Dinner on Tuesday 28<sup>th</sup> June 2022 at Chesford Grange, Warwickshire and online on Zoom software. RRC will also be showcasing the work of each 'River Champion' on the RRC website.

## Notes to editors

RRC is the UK's expert centre for information and advice on best practice restoration and management of rivers and their catchments. We are committed to ensuring our watercourses are restored and managed for the benefit of all, with long lasting results for future generations to enjoy. Healthy rivers and catchments provide enjoyment and well-being for people, rich and diverse wildlife and strong economic benefits for modern society.
